

Become a MEGA Member

AIM & Mission of MEGA

Due to the growing importance and specific requirements in the Gulf region (GCC countries), several industrial gases companies decided to form a regional industrial gases association.

Middle East Gases Association (MEGA) was established in 2010 as a safety, environment and technically oriented Non-Profit organization, representing all companies producing and distributing industrial, medical and food gases. MEGA has extended its membership to gas related Equipment Manufacturers / Distributors or Specialist Transportation companies from 2018.

MEGAs Mission is to maintain the highest level of safety concern for the environment at work and in the community.

To provide Authorities in this region with expert advice on production, transport, storage and applications of industrial, medical and food gases.

To promote consistency of Safety, Health Environmental and Technical Standards throughout the industrial gases industry.

MEGA Membership Benefits

Your Membership with MEGA will grant you:

- The opportunity to gain access to professional networking among experts from the largest and most competent companies with a global background from gas manufacturing, analyzing, filling, distributing etc.
- The full access for your staff to the, valuable MEGA – and her associated partner associations - library with technical documents, training packages or safety alerts etc.
- The full support and advice of the MEGA Technical Committee (TC) or Working Groups (WG) when a problem at your plant arises or with your authorities regarding regulations.
- The opportunity to nominate experts from your company who will be personally invited to all MEGA events, to enlarge their network with other experts from their field.
- An active participation to all MEGA events and the use of all information of our industry. You can be assured to get all the benefits of MEGA services.

How to apply for a MEGA Membership

For your successful application please refer to the following steps:

1. Send by normal mail an informal letter on your company's official letter head to MEGA office, applying for membership. State that you are a producer and distributor of industrial and /or medical gases or CO2 or Equipment Manufacturer / Distributor or Specialist transportation.
2. Confirm that your company has a safety management system in place. If available, ISO certificates should be mentioned and company brochures attached to your letter.
3. Confirm that your company will apply to MEGA's Mission and Guidelines.
Your letter should be signed by your Managing Director and please email your letter to the General Secretary.

Eligibility for MEGA Membership

There are four Categories (Cat.) of Membership-with corresponding fees / year- specified as:
